

KeepingMusic

SCHOOLS RECORDING OFFER!

Summer 2018

Record the best of your school.

Have you ever wanted to record the very best of your school's music for posterity and prosperity? KeepingMusic brings the studio to you, recording in your school and offering your students an experience they will never forget! Whether it's a complete CD to sell to parents, and bring in some much needed funds, or a selection of the best your school has to offer to add to your website for self promotion. This package can be customised to suit your school's needs.

Schools only offer just £400 (£100 discount!)

With over 25 years of experience working with children and young adults, Andrew Keeping takes the stress out of a recording environment. Fully DBS checked and having worked as a teacher, school governor and foster carer, Andrew has a great affinity with both the teaching staff and students alike. This all helps bring out the best in a musical performance. Choirs, ensembles, soloists and bands all recorded to showcase the best your school has to offer. You will be presented with a fully mastered series of recorded tracks (WAV & Mp3's), for you to upload to your school's website.

This offer includes up to 6 hours at a venue, recording as many takes as required to mix a perfect track. If you want to add a second day, either next day or later in the year when you have rehearsed more material, the price would be reduced further to £350. For an additional fee KeepingMusic can arrange production of CD's.

This offer also includes no travel expenses to schools in Kent and East Sussex. Schools outside of this area will incur travel expenses.

For all enquiries please contact:

Andrew Keeping at 07973129951 or andrew@keepingmusic.co.uk

"Andrew has recorded solos and ensembles for our School CD at Sutton Valence. He has shown tremendous professionalism and the pupils have enjoyed working with him. He has always demonstrated the utmost care in his work, even in adversity, recording concerts in difficult locations and with minimum disruption to the performers and the audience. The results have always been top quality." P. Horley (Head of Music SVS)
